

Dear Colleagues,

It is our pleasure to invite you to attend the **26th Annual Meeting of the Council on Ionizing Radiation Measurements and Standards (CIRMS)** to be held **April 16-18, 2018** at the National Institute of Standards and Technology (NIST), Gaithersburg, MD. Attendees are invited to participate in the interactive and stimulating discussions and/or to submit abstracts at <http://cirms.org/abstract-submission.html> for poster presentations and potentially for oral presentations during the working group sessions (there are still a few slots left for oral presentations and many for poster presentations).

The theme of this meeting is “Radiation Technologies for the Future.” For more than a quarter of a century, CIRMS has played an important role in serving as a public forum for discussion of radiation measurements and standards. The technical program will consist of plenary and poster sessions in the mornings followed by three parallel working group sessions held during the afternoons. A preliminary agenda for each meeting date (April 16, 17 and 18) is available at http://cirms.org/conference_agenda.html. The agenda is being updated weekly on the website as invited speakers are confirmed.

We have an outstanding list of speakers this year on a large diversity of topics including: radiation therapy, radiation biology, space travel, radiation risk, micro dosimetry, imaging, sterilization, materials modification, radiation protection, radioactivity measurements, radiochemistry, first responders’ needs, consequence management, homeland security applications, detection instrumentation, 3D phantoms, 3D printing, nanosensors and more. Please do not forget to register at <http://cirms.org/registration.html>

Special hotel rates are available at the Hilton at <http://cirms.org/registration.html#acc>

We look forward to seeing you in April 2018 at CIRMS! http://cirms.org/pdf/CIRMS_flyer_2018_web.pdf

COUNCIL ON IONIZING
RADIATION MEASUREMENTS
AND STANDARDS

RADIATION TECHNOLOGIES FOR THE FUTURE

26TH ANNUAL MEETING • CALL FOR ABSTRACTS

**APRIL 16-18, 2018
AT NIST
GAITHERSBURG, MD**

CIRMS SPONSORS

American Association of Physicists
in Medicine (AAPM)

American College of Radiology (ACR)

ASTM International

Bruker BioSpin Corporation

Eckert & Ziegler Isotope Products

Hopewell Designs, Inc.

IBA Industrial, Inc.

Kent State University

Landauer, Inc.

National Institute of Standards and
Technology (NIST)

ScanTech Sciences

Steris Corporation

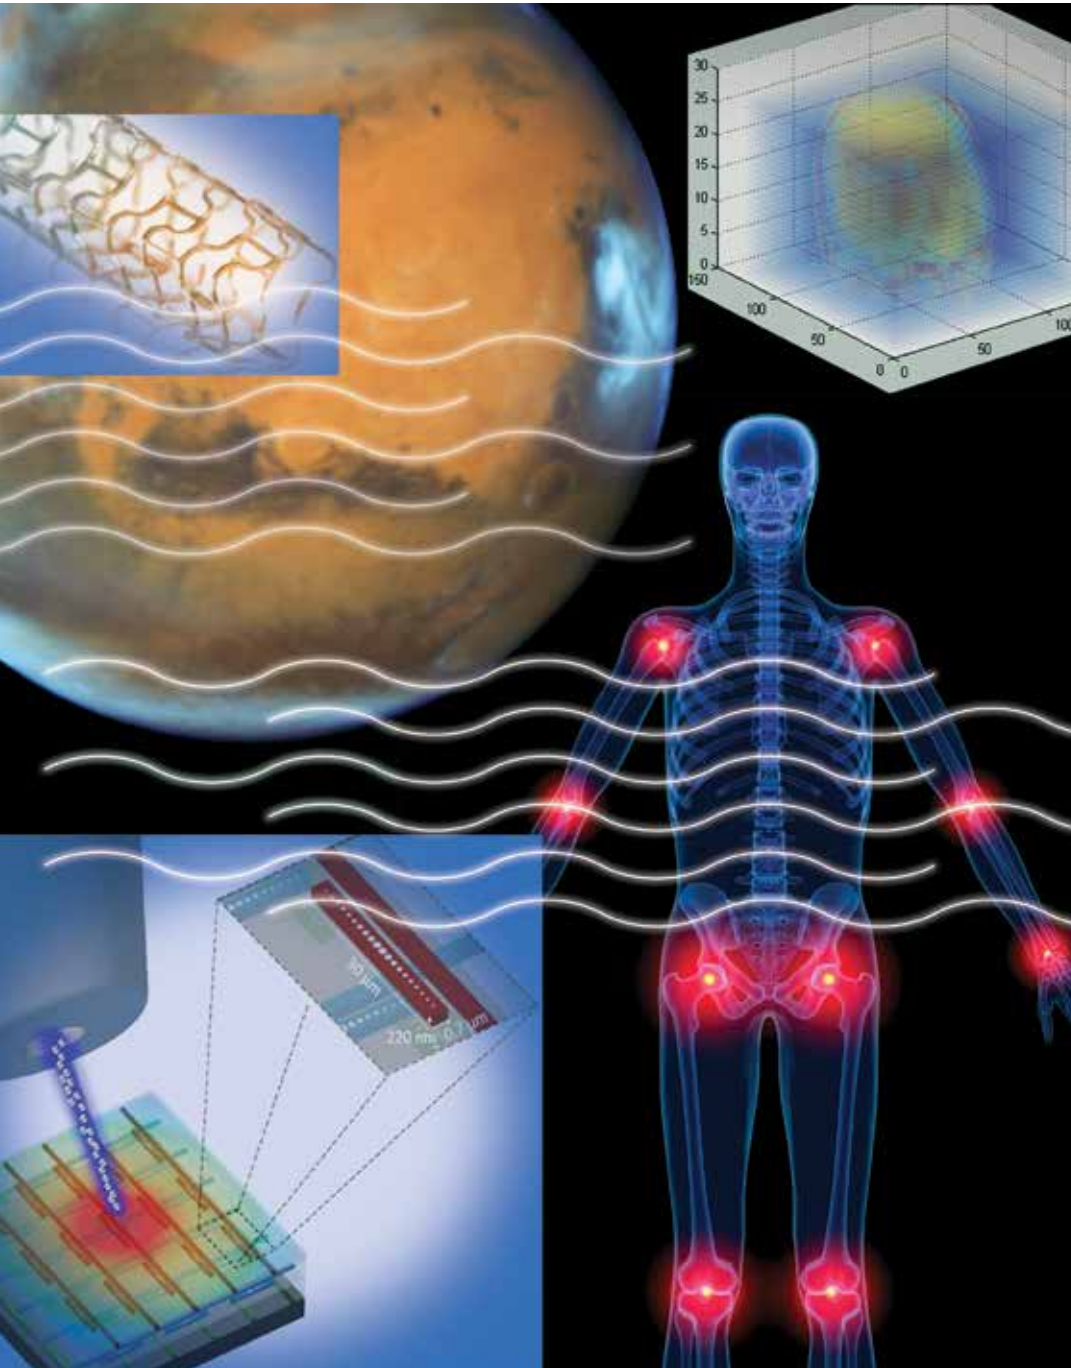

SUNY – ESF

Theragenics Corporation

The University of Texas at Dallas

University of Wisconsin -
